## Dauphine | Tunis Executive Education

Paris-Dauphine combines its long experience & expertise to forge future business leaders in France as well as in Tunisia via its campus based in Tunis.

Dauphine | Tunis is delighted to announce the launch opening of an ACCA (the Association of Chartered Certified Accountants) program within its Executive Education Department already offering a range of professional courses in Finance, General Management, HR, Health as well as Digital Transformation. Our learning methods will enable you to specialize in a specific management. You are able to quickly apply your new skills in your company.

**We offer programs to meet the specific training and development needs of managers, executives in Tunisia and beyond..**

### Executive MBA :

General Management & Health

### Executive Master Programs :

Islamic Finance and Cultural Management for functional or operational directors and managers

**Certificate programs** to enhance senior managers and /or operational managers expertise in a specific area of management

**Short programs** in different fields of management to develop a specific skill, adopt a new approach

### A strong and wide professional network

Dauphine | Tunis preserves rich and lasting links with its executive community through different events the institution organizes:

- After-works throughout the year
- Executive Breakfasts or conferences on specific issues
- Meetings with leading political, economic and cultural stakeholders

**The ACCA (The Association of Chartered Certified Accountants) program is an internationally recognized, prestigious professional qualification that prepares students for international careers in accountancy and finance. The program leads to prestigious professional qualifications in accounting & finance awarded by ACCA and is recognized by Oxford Brookes university, UK. It gives you access to ACCA's professional membership and its large international network.**

### About ACCA Program

The ACCA is the global body for professional accountants and is one of the world's leading bodies with over 110 years of experience, innovation and excellence.

### The ACCA Qualification

ACCA membership is your key to professional opportunities throughout the world. And thanks to the global recognition of the ACCA qualification, it is one of the main reasons people undertake ACCA studies, you're likely to run into fellow members, should you opt for a global career or to strengthen your CV with international qualifications and experience.

### 4 reasons to choose ACCA

#### ► Recognition

The ACCA is recognized as the leading global accountancy body with worldwide presence and reputation.

#### ► International Opportunities

Cross-border careers opportunities, ACCA membership is a valuable badge to open doors for an international career in accounting and finance.

#### ► Large international network

One of the benefits of being part of the world's largest and fastest-growing accountancy body is being able to network with lots of like-minded professionals. The ACCA network has more than 200 000 members et 450 000 students spread across 180 countries.

#### ► Global standards

ACCA courses are designed at global standards by the UK based Association of Chartered Certified Accountants.

### Study ACCA at Dauphine | Tunis

The ACCA program will be provided by our team of professors, experts professionals as well as by our UK based partner. The program leads to getting prestigious international professional qualifications in accounting & finance.

### Admission Criteria

You should choose this qualification if you want to become an accountant or finance professional and have the choice of working in any type of accountancy or financial services sector, either in Tunisia or in other countries around the world.

You need a Tunisian Bachelor's degree in order to be eligible for the Dauphine | Tunis advanced entry ACCA program. Also, those who already studied accounting, finance and business administration during their undergraduate studies, are eligible for exemptions and gain advanced entry into the ACCA program.

### Careers Opportunities

As a qualified chartered certified accountant you could work in any sector, in any type and size of organization. You also may work in a consultancy role, provide financial information and advise, or manage the finance Department of large multinational corporations.

## Testimonials

*" After being chartered accountant graduated by the Tunisian State, I felt like giving an international dimension to my career and I discovered the ACCA program. Its main strength is its flexibility, thus, you can at the same time study and validate your experience including previous internships. The other point is the attractive-*

*ness of this diploma on the job market both internationally and in Tunisia. This degree offers you the opportunity to access the status of chartered accountant, but not only since you can also be auditor, consultant, financier or even business manager. It is a rewarding experience that I highly recommend.*

*The training offers the same quality standards as at the international level. I can only encourage you to actually do the same thing because it's worth it. Have fun ! "*

**Mourad Ghorbel**  
Auditor - France

*" I was attracted to accounting by the chance to gain a qualification as well as to work worldwide. I started as an auditor, seeing many companies, and all aspects of those companies, before becoming a Finance Director. I graduated in Law and French from university and these combined with ACCA and an MBA have*

*given me a solid foundation for my professional career. I fulfilled my ambitions having lived in 10 countries and worked in 30. It's hard at the beginning with a lot of studying but you definitely see the rewards later. "*

**Mark Temperley**  
Finance & Administration Director
